LEARNING TO SHINE

Veronique's journey to Diamond began in the darkness of self-doubt. While she believed in the power of dōTERRA® essential oils, Veronique couldn't fully embrace her own power to unlock her dreams and achieve her goals. Looking back, she can see how she was her own biggest roadblock.

"It wasn't until I was faced with growing this business by myself that I realized how little I valued my own worth," she remembers. "Suddenly, I had no one

to fall back on or to hide behind. I couldn't make excuses if I wanted to continue advancing. I had to start believing my time and mentoring efforts were worth something."

Slowly, Veronique began to believe that beyond representing an amazing company and incredible products, she was also adding value to people's lives in a unique and powerful way. Her blossoming confidence in her own worth is what catapulted her from Silver to

Gold, and finally, to Diamond. "I had to believe that I am inspiring, that people want to follow me because I have something to offer, and that I can attract powerful, business-minded women because I am one of them."

With a brighter perspective on her dōTERRA journey, Veronique appreciates the blessings of the intense personal growth she experiences every day. "I used to hide behind excuses and a gloomy outlook on life. The old me

Dream

would cling to excuses, like the fact I am shy and talking to people scares me. I had a more passive, negative outlook on life that kept me from chasing my dreams. I am not that person anymore. I like myself and I welcome changes and challenges. I enjoy leading my team now, not because I need to succeed for my sake, but because I am excited for the journey they are on. I am eager and happy to help them become the best versions of themselves and learn to shine too!"

"We ask ourselves, 'Who am I to be brilliant, gorgeous, talented, and fabulous?'"

Actually, who are you not to be? You are a child of God. You are playing small does not serve the world. There is nothing enlightened about shrinking so that other people won't feel insecure around you. We are all meant to shine, as children do. We were born to make manifest the glory of God that is within us.
